What is the current health of my portfolio and what should I focus on this week?

Portfolio health is 87/100 — up 4pts this week. Key focus areas: (1) Data Pipeline blocker needs resolution — 2 marketplace vendors found. (2) Content Strategy Q3 deadline in 2 days — 3 stories need review. (3) Invoice #086 from MediaCo ($2,400) is 8 days overdue.

Fix Blocker **Review Stories** **Send Reminder** **Dismiss**

Can you help me draft a follow-up invoice reminder for MediaCo?

Of course! Here's a draft reminder for Invoice #086 ($2,400, due Jun 1): 'Hi MediaCo team — just following up on Invoice #086 for $2,400, which was due Jun 1. Please let me know if you need anything to process payment. Happy to jump on a quick call.' Shall I send this via Kogi Messenger?
